

## NEW PATIENTS

At Downtowne Dental Group, new patients are always welcome. Call (920) 733-4555 today to schedule an appointment or email us at [office@downtowndental.com](mailto:office@downtowndental.com) and Lindsey or Stephanie will be in touch with you.

Our practice is committed to providing high-quality dental care. We are sensitive to your needs, and it is our goal to create a comfortable experience for you while providing the best care possible.

During your first visit, you will meet with Dr. Shoberg to get acquainted, and to review your dental and medical history. That first visit will also include taking all necessary images. We will also provide a comprehensive examination at that appointment and work to form an individual treatment plan based on your needs. We like to conclude this initial appointment by providing answers to any questions you may have.
